

Yun Chung

Summary

I recently graduated from Le Wagon (Tokyo), the highest-rated coding bootcamp in the world. Technology fascinates me, so I am eager to attain a position as a web developer in an environment where I can make a meaningful contribution while developing my skills each and every day.

Web Development Projects

Collocafe | September - October 2020 | collocafe.herokuapp.com

- Built with Node.js, Express, MongoDB, and a map API, Collocafe is a CRUD app that allows users to share and discuss their favorite Tokyo cafes with one another.

Rails Cocktail Recipes | June 2020 | rails-cocktail-recipes.herokuapp.com

- This simple, mobile-friendly Ruby on Rails web application is used to create, edit, store, and display cocktail recipes.

OneBite | May 2020 - June 2020 | onebite.fun

- OneBite is an Ruby on Rails app that allows users to better utilize online learning. My primary role was to design and develop this app's front-end.

Jimotrip | May 2020 | jimotrip.herokuapp.com

- Jimotrip is a web app that allows users to book and host vacation experiences.
